ARTICLE I: RECOGNITION

The Employer recognizes the union as the sole and exclusive bargaining agent for the purposes of establishing salaries, wages, hours and other conditions of employment for the employees of the Salem School Committee, namely: Custodians, Maintenance Persons, Bus Drivers, Bus Attendants, Clerks and Cafeteria Personnel but excluding the positions of Transportation Manager, PIC Manager, the Secretary to the Assistant Superintendent, the Secretary to the Business Manager, and all staff working in confidential positions in Human Resources.

The employer will not aid, promote or finance any labor group or organization which purports to engage in collective bargaining, or make any agreement with any such group or individual for the purpose of undermining the Union or changing any condition contained in this agreement.

A. Dues Deduction

During the term of this Agreement, the Employer shall deduct from the employee's pay an amount set by the union for union dues, voluntary agency fees, and any other deductions under (C) below from each member of the union who voluntarily executes an authorization form and upon request, any additional dues amounts specified by the Union and authorized by the employee.

B. The Employer agrees to provide a list of employees in the bargaining unit to the union informing the union of the amount of dues deductions for each employee. The Employer agrees to provide this updated list at the start of each fiscal year. Each month the Employer shall also electronically transmit a list of all new hires, any terminated, or transferred employees during the month. The employer will provide the union with updated information on any new hires dues, fees or other deduction amounts.

C. The employer agrees to deduct from the wages of any employee who is a member of the Union a PEOPLE deduction as provided for in a written authorization. Such authorization must be executed by the employee and may be revoked by the employee at any time by giving written notice to both the employer and the Union. The employer agrees to remit any deductions made pursuant to this provision promptly to the Union together with an itemized statement showing the name of each employee from whose pay such deductions have been made and the amount deducted during the period covered by the remittance. This deduction is authorized by MGL Ch 180 Section 17J.

ARTICLE II: DISCRIMINATION AND COERCION

There shall be no discrimination by the employer or agents of the employer against any employee because of his membership in the Union. The employer further agrees that there will be no discrimination against any member for his adherence to any provision of this agreement.

It is agreed that there will be no discrimination by the union, its officers or members against any employee for non-membership in the Union; nor will the Union interfere, restrain or coerce bargaining unit employees, or attempt to do so, because an employee refused and/or failed to participate in Union activities.

ARTICLE III: GRIEVANCE AND ARBITRATION PROCEDURE

For purposes of this Agreement, a grievance shall be defined as a complaint between the Committee and the Union and/or the employee involving only an alleged specific and direct violation of express language of a specific provision of the Agreement. It is, therefore, the express intent of the Committee and the Union that the Grievance Procedure be limited to matters involving the interpretation and application, claim or breach, or violation of the Agreement.

Any grievance or dispute which may arise between the parties, including the application, meaning or interpretation of this Agreement, shall be settled in the following manner:

Step 1. The Union Steward and/or Union Representative, with the aggrieved employee, shall take up the grievance or dispute with the employee's supervisor within five (5) working days of the date of the grievance or his knowledge of its occurrence. The supervisor shall attempt to adjust the matter and shall respond to the steward within three (3) working days. If the supervisor does not have the authority to resolve the grievance, then he/she shall forward the grievance to Step 2.

Step 2. If the grievance has not been settled at Step 1, it shall be presented, in writing to the School Principal or if the grievance arises under the authority of the Business Manager, to the Business Manager within five (5) working days after the Supervisor's response is due. The School Principal or Business Manager shall respond to the Union President, in writing within five (5) working days.

Step 3. If the grievance has not been settled, it shall be presented in writing to the Superintendent of Schools within three (3) working days after the supervisor's response is due. The Superintendent of Schools shall respond to the President of the Union, in writing, within five (5) days.

Step 4. If the grievance still remains unadjusted, it shall be presented to the School Committee, in writing, at its next regular meeting. The School Committee shall respond

in writing within five (5) working days after the following regular School Committee meeting.

(a) A grievance not initiated within the time specified shall be deemed waived. Failure of the Union to appeal a decision within the time limit specified shall mean that the grievance shall be considered settled on the basis of the decision last made and shall not be subject to further appeal.

Failure of the Committee, or any of its representatives in any level of this Grievance Procedure, to answer within the time specified, shall be considered as though the appeal was denied, which shall mean that the appeal may be taken to the next step as though a negative answer had been received. The above limitations may be waived by mutual agreement of the parties.

(b) The Union agrees except in cases where an employee reasonably feels that his physical welfare and safety are in danger, where employees are of the opinion they have a grievance within the meaning of this section, and said employee grieves over the assignment, reassignment, working or other conditions order, or directive, he will perform in accordance therewith and pursuant thereto pending final resolution of the grievance under the Grievance Procedure described herein.

Step 5. If the grievance is still unsettled, either party may, within fifteen (15) days after the reply of the School Committee is due, by written notice to the other, request arbitration. The arbitration proceeding shall be conducted by an arbitrator to be selected by the Employer and the Union within seven (7) days after notice has been given. If the parties fail to select an arbitrator, the State Mediation and Conciliation Service or the American Arbitration Association shall be requested by either or both parties to provide a panel of five arbitrators. Both the Employer and the Union shall have the right to strike two (2) names from the panel. The party requesting arbitration shall strike the first name; the other party shall then strike one name. The process will be repeated and the remaining person shall be the arbitrator. The decision of the arbitrator shall be final and binding on the parties and the arbitrator shall be requested to issue his decision within thirty (30) days after the conclusion of testimony and argument. The expenses for the arbitrator's service and the proceedings shall be borne by the Employer and the Union. However, each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such a record to be made, providing it pays for the record and makes copies available without charge to the other party and to the arbitrator.

(a) The Union, in consideration of the Committee's having hereinafter reaffirmed its belief in and compliance with the State Law insofar as they defined the rights, duties, and obligations of a municipality under the General Laws under the Rules, Regulations and Procedures of the Civil Service Commission relative to employees' seniority, promotion, reassignment, discharges, reduction in rank, removals and suspensions; hereby agrees that any grievance, complaint, or appeal which, under past practices and procedures would normally have come within the jurisdiction of said Civil Service commission is hereby specifically excepted and removed from the arbitration provision of the

Agreement. In such circumstances, the Union specifically agrees to seek any redress and remedy through the procedures of said Civil Service Commission and not through the arbitration provisions of this Agreement.

Any other grievance which is not wholly or in part within the jurisdiction of the Civil Service Commission as described herein and which remains unsettled after the procedures outlined here have been exhausted shall be submitted to arbitration as outlined above.

It is the express intent of the parties that only those disputes defined in the Article which clearly come within these arbitration provisions shall be arbitral. No other subject, direct or collateral, shall be arbitral except by a mutual agreement signed by the Union and the Committee.

(b) This decision of the arbitrator shall be final and binding upon both parties and upon any employee affected thereby, provided that such decision shall be restricted to an interpretation or application of the terms of this Agreement and shall in no way alter or expand the provisions of this Agreement or contain any recommendation thereto; and provided further said decision is based upon the facts and arguments either presented by the parties or on which an opportunity to comment has been furnished the parties by the arbitrator. The arbitrator, in rendering his written decision, shall clearly state the Findings of Fact and Conclusions upon which his decision is founded.

(c) The parties agree that no restrictions are intended on the rights and powers of the Committee except those specifically and directly set forth in express language in specific provisions of the Agreement.

In determining whether there is a specific and direct violation of express language of a specific provision of this Agreement, it is agreed that the only criterion to be applied is the plain meaning of express language in the Agreement, and that unless said language is inherently ambiguous on its face, evidence of past practice, past or present policy, or oral statements made during negotiations shall be inadmissible to alter the meaning of express language and shall not be considered by the arbitrator.

ARTICLE IV: CIVIL SERVICE AND DISCIPLINE

A. Civil Service

The parties to this agreement hereby express their joint intent to recognize, adhere to and abide by the Tenets, Practices, rules and Regulations defined in Chapter 31 of the General Laws as they establish and define the Division of Civil Service and the Civil Service Commission as well as the binding decisions issued by said Civil Service Commission or enforced by a Court of Competent Jurisdiction.

Having thus jointly reaffirmed the superior and preemptive jurisdiction of the Civil Service statute, Procedures, Regulation as applied, and decided, interpreted and enforced by the Civil Service Commission, the parties to this Agreement, do hereby also express their joint intention and agreement that such matters which are normally within the jurisdiction of, and have been traditionally reserved, in whole or in part, for final and binding determination, appeal and/or resolution by said Civil Service Commission shall be and hereby are specifically excepted from the provision of Article III hereof.

APPENDIX E: CITY OF SALEM ABSENCE CONTROL POLICY

POLICY STATEMENT

Supervisors and Managers are responsible for regularly monitoring attendance within their departments and must take progressive steps to consistently control absenteeism within their departments.

GOAL

Our goal will continue to ensure a productive work force by minimizing abuse of a generous sick leave benefit.

SCOPE

This policy shall be in effect for all employees of the City of Salem.

SECTION 1.

SICK LEAVE PROCEDURES

- A. A medical note from the employee's physician may be required whenever three (3) or more consecutive workdays, or portions thereof, are missed due to illness.
- B. A standard Return to Work form may be used or the employee may obtain a medical note, which shall include the following:
 - 1. The Doctor's signature, indicating that the employee is under his/her care, and the date of treatment.
 - 2. A statement as to whether or not the employee is able to work.
 - 3. If the employee is unable to work, the anticipated Return to Work date or date of follow-up medical examination.
 - 4. A statement of current diagnosis.
 - 5. A recommendation of any restrictions on activities and the length of time such restrictions should be maintained. In the event that restrictions are needed, the Department Head, at his or her discretion, may determine the employee eligible for a light-duty work assignment.
- C. In the event that an absence due to illness exceeds the physician's written anticipated Return to Work date, then a new medical note, which shall include all of the above-described components, shall be required.

- D. Should any of the required medical documentation, as specified above, be missing from a physician's note, the Department Head may require the employee to forward the same prior to approving sick leave payment.
- E. Compensation for sick leave shall be contingent upon the employee's compliance with all of the above described provisions.
- F. A Standard Return to Work form is required prior to an employee's Return to Work following a lengthy illness, surgery, etc.

**SECTION 2
NOTIFICATION**

- A. Employees who must be absent or tardy for any reason should telephone their supervisor as early as possible to explain the reason for being absent or tardy, and to provide for adequate staffing. Except under emergency situations, it is not appropriate for any individual other than the employee to report an absence. Absences are reported to a supervisor only and may not be recognized if reported to an operator or fellow staff member.
- B. Planned absences/tardiness should be discussed as far ahead as possible of the anticipated date. For any sick call made more than ten (10) minutes after the start of the work shift, sick leave pay may be deducted on a pro-rated basis in quarter-hour increments until the time that the call is recorded.
- C. An employee who is absent without notifying the supervisor shall be subject to a written warning initially. On the second offense, he or she is subject to a three-day suspension. A third offense may result in termination. An employee who is absent three consecutive workdays without notifying the supervisor is subject to termination.

**SECTION 3.
EXCESSIVE USE/ABUSE OF SICK LEAVE**

- A. Excessive Absence could be defined as:
 - 1. When there are three (3) or more nonconsecutive sick days, or portion thereof, in any calendar month and one (1) or more of these absences are medically undocumented.
 - 2. When the Department Head discerns a pattern of routine absenteeism in any three (3), six (6), or twelve (12) month period. When an employee uses 50% or more of his/her annual sick leave accrual without appropriate medical documentation.
- B. In the event the Department Head questions whether an employee is utilizing excessive absences, then he/she shall advise the employee of this belief through a formal conference. Following this conference, if a determination of excessive absence is made, the employee may be placed on a probationary sick leave status, for a period of six (6) months. During said six (6) month period, the employee shall be required to provide medical documentation justifying every absence due to

sickness taken during this period in order to be eligible for sick leave pay. In the event said employee fails to justify any absence during this period, such failure to so document the absence shall be just cause for disciplinary action. If upon the conclusion of the six-month probationary period, no further evidence of excessive absence is presented; the employee will be removed from probationary sick leave status.

- C. In the event the Department Head determines that an employee has abused sick leave privileges by feigning illness, or making a false statement relative to any injury or illness, sick leave pay shall be withheld for the period in question. In addition, the Department Head shall take appropriate disciplinary action by suspending the employee from duty. A subsequent offense of sick leave may result in the employee's termination of employment in compliance with the provisions of M.G.L. Chapter 31.
- D. The sick leave abuse clause described above shall apply in instances where an employee leaves work, claiming illness when given a particular work assignment. In such instance, the Department Head or his/her designee may require medical documentation, as outlined in Section 1 B, prior to approving sick leave payment. The employee's failure to provide such documentation may be considered just cause for disciplinary action as described above.

APPENDIX F: CITY OF SALEM ALCOHOL AND DRUG POLICY

The City of Salem has a strong commitment to its employees to provide a safe work place and to establish programs promoting high standards of employee health. Consistent with the spirit and intent of this commitment, the City of Salem has established this policy regarding drug and alcohol use or abuse. Quite simply, our goal will continue to be one of establishing and maintaining a work environment that is free from the effects of alcohol and drug use. Employees of the City of Salem are visible and active members of the communities where they live and work. They are inescapably identified with the City and expected to represent it in a responsible and creditable fashion. The vast majority of our employees reflect credit upon themselves and the City of Salem, which they represent.

While the City of Salem has no intention of intruding into the private lives of its employees, the City does expect employees to report for work in condition to perform their duties. The City recognizes that employee off the job as well as on-the-job involvement with drugs and alcohol can have an impact on the work place and on our ability to accomplish our goal of an alcohol and drug-free work environment.

The following is the City of Salem's policy:

- 1) Pursuant to the Drug-Free Workplace Act of 1988, it is the policy of the City of Salem to prohibit the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance or alcohol in the workplace. The illegal use, sale or possession of narcotics, drugs, or controlled substances while on the job or on City Property is an offense warranting discharge. Any illegal substances will be turned over to the appropriate law enforcement agency.
- 2) Employees who are under the influence of alcohol, either on the job or when reporting to work, or who possess or consume alcohol during work hours, have the potential for interfering with their own as well as their co-workers' safe and efficient job performance. Consistent with existing City of Salem practices, such conditions will be proper cause for administrative action up to and including termination of employment.
- 3) Off-the-job illegal drug activity which could adversely effect an employee's job performance or which could jeopardize the safety of other employees, the public, or City property or equipment is proper cause for administrative or disciplinary action up to and including termination of employment.
- 4) . Employees who are involved with off-the-job drug activity may be considered in violation of this policy. In deciding what action to take, management will take into consideration the nature of the charges, the employee's present job assignment, the employee's record with the City and other factors relative to the impact of the employees' arrest upon the conduct of City business.
- 5) Some of the drugs which are illegal under federal, state, or local laws include, among others, marijuana, heroin, hashish, cocaine, hallucinogens, depressants and stimulants not prescribed for current personal treatment by an accredited physician.
- 6) In compliance with Federal Law, the City requires that as a condition of his or her employment under a federal grant or contract, an employee must notify the employer of any criminal

drug statute conviction for a violation occurring in the workplace no later than five (5) days after the conviction. The City will take appropriate action as previously described.

7) Employees are expected to follow any directions of their health care provider concerning prescription medications, and must immediately notify their supervisor if any prescription drug is likely to have an impact on job performance. In addition, notification must be given at the time of any testing or screening as to any drugs or medicine being taken.

Any employee, while on City property or during that employee's work shift, including without limitation all breaks and meals periods, consumes or uses, or is found to have in his or her personal possession, in his or her locker or desk or other such repository, alcohol or drugs, which are not medically authorized, or is found to have used or to be using such alcohol or drugs, will be suspended immediately pending further investigation. If use or possession is sustained, disciplinary action, up to and including discharge, will be imposed.

This statement is to clarify the City of Salem's operational stance and to provide for prompt effective reaction to any alcohol or drug related situation which has or could have an impact on municipal operations. It does not alter in any way the policy of assisting employees in securing proper treatment or extending the coverage of the health benefits plan as indicated for problem drinking, alcoholism or other drug dependencies.

APPENDIX G: CITY OF SALEM EMPLOYEE ASSISTANCE POLICY

Over ten million people in America's workforce suffer from personal problems, which adversely affect job performance and attendance. Many suffer from marital or family distress, financial trouble, nervous or emotional disorders, alcohol problems, poor physical health, drug abuse, legal problems, or other concerns. Historically, employers have ignored such problems. Sometimes supervisors and friends help an employee conceal poor performance because they fear the troubled employee will be disciplined. These actions hurt the employee, his or her family, fellow workers and the City.

The City of Salem recognizes that its employees are its most important resource. In order to help employees deal with their problems, we have established an Employee Assistance Program (EAP). The purpose of the EAP is to offer confidential assessment, counseling and referral services to employees and their family members whose problems have begun to interfere with their work performance.

The EAP services will be delivered by a qualified EAP provider who shall have on staff licensed psychiatrists, psychologists, social workers, vocational rehabilitation specialists and other mental health professionals who are qualified to provide an initial assessment, short-term counseling, referral and follow-up.

There are two ways an employee may gain access to the services of the EAP:

- 1) Self-referral, and
- 2) Supervisory referral.

SELF REFERRAL:

Experience has shown that an EAP works best when employees and their families voluntarily seek assistance on a confidential basis. All employees and their families will be provided with the necessary material (name of EAP Representative, etc.) so they may have access to EAP Services 24 hours a day. Access may be gained by contacting the EAP Representative assigned by the EAP Provider. The Representative will meet with the employee at a convenient time and place. There will be no charge to the employee for the initial assessment. If the EAP Representative recommends further professional help, he/she will work with the employee to locate services that are totally or partially covered by health insurance.

SUPERVISORY REFERRAL:

The supervisory referral method is also voluntary. That is, the supervisor is under no obligation to refer an employee to the EAP and the employee is under no obligation to go. The following is the policy in instances where a job performance or attendance problem has already developed.

- A) When an employee's performance or attendance is unsatisfactory, it will be called to the employee's attention by the supervisor and documented.
- B) The supervisor will not delve into personal problems or their causes.
- C) If it appears that the employee cannot or will not improve performance or attendance, he or she may be referred to the EAP Representative. During the initial contact, the EAP Representative will try to help the employee clarify your concerns and develop ways to

address problem issues. If the difficulties are not resolved through counseling with the EAP, the Representative may refer the employee to other resources for further assistance.

- D) Employees must give their consent for any communication between the City and their therapist/caregiver. Only when an employee is considered at risk of harming themselves or others would this policy be overridden.
- E) Confidentiality of the referral of an employee into the EAP is paramount. Only the supervisor will know the reason for the referral; the supervisor's supervisor may simply be aware that a referral and/or involvement have been initiated. An informal memorandum of understanding may be used by the supervisor to clearly state and document to the employee the areas of work performance requiring improvement and encouraging a referral through the EAP process. This memorandum will not become part of the employee's Human Resources folder, nor will a referral and/or involvement in the EAP process reflect negatively on an employee's work record.
- F) It is solely up to the employee to accept the offer of assistance or not. If job performance or attendance problems improve to a satisfactory level, no further action will be taken.
- G) Referral to the EAP may not suspend normal disciplinary procedures. Whichever method is used, discussions with the EAP staff will be held in the strictest confidence.

Since an employee's preoccupation with the problems of a family member can also disrupt work performance or personal well being, the program is available for family members (spouse, child, parent, step-parent or child and in some cases a significant other). The City is confident that most performance problems can be successfully managed if identified and treated early. As such, the City is committed to providing the necessary management training, employee workshops and program promotion to ensure the success of the Employee Assistance Program.
