

NEW FOOD AND NUTRITION SERVICES **RECIPE SUBMISSION** OPPORTUNITY

The Food & Nutrition Services Department (FNS) is launching a new recipe sourcing initiative. We are inviting students and members of the school community to **share their favorite recipes with the FNS staff by emails: recipes@salemk12.org**. Each month, the FNS team will select one recipe and will invite the student who submitted the recipe to taste test the recipe with their school's kitchen staff.

Involving the school community in the recipe development and menu planning process is an idea that came from a conversation with the Witchcraft Heights Elementary School Student Voice group; thank you to the WHES students for prompting this!

Please encourage students to submit recipes to our new email: recipes@salemk12.org

Guidelines for Recipe Submission:

- Students should talk to their family and be comfortable with sharing the recipe.
- Recipes should reflect student/family identities and cultural heritage.
- The recipe can be a main dish or a side dish.
- Recipes should be as specific as possible with steps and ingredient amounts.
- Recipe submissions should include 1-2 sentences about its significance to the student or their family.
- Remember to include student name, grade level, and email on the submission.

Each month, the FNS team will choose one recipe and will invite that student to work with their school's kitchen staff to conduct a taste test at school!

Please help spread the word about our new email and the recipe submission contest and thank you in advance for your collaboration and continued support.
