**Public Comment**

Ms. Nohara Lopez-Okoli, Salem Resident, Salem Academy Charter School (SACS) Parent

Ms. Lopez-Okoli said that Superintendent Zrike has done a great job with Salem Public Schools.

Ms. Lopez-Okoli continued that she did not appreciate the tone of the letter that

Superintendent Zrike had shared because it seemed like a competition between two schools

and not a solution. Ms. Lopez-Okoli spoke about sports teams that have students from both

schools and other joint activities. Ms. Lopez-Okoli also spoke about the financial reimbursement

that the public schools could receive from the state to help with the budget when SACS expands their number of seats..

### **Superintendent's Report**

#### **1. Recognition - Ms. Linda Richard and Ms. Vanessa Fagundes**

Superintendent Zrike acknowledged the service provided by Benefits Coordinator, Ms. Linda Richard and Transportation Manager, Ms. Vanessa Fagundes to the Salem Public Schools, and read the citation for both. Ms. Richard was unable to attend the meeting. A souvenir and city citation was presented to Ms. Fagundes. The School Committee thanked Ms. Richard and Ms. Fagundes for their service.

#### **2. MCAS and Accountability Update**

Superintendent Zrike said he was very proud of Salem Public Schools as well as the progress, growth and improvements made but there is more work to be done. Superintendent Zrike acknowledged the work of the students, teachers, school leaders, and the academics team. Superintendent Zrike introduced the Academics team who presented the Massachusetts Comprehensive Assessment System (MCAS) and accountability data.

In response to Vice Chair Cruz, Superintendent Zrike said he could provide the data about the percentage of Class of 2026 who met the new graduation requirement. Mayor Pangallo asked for more comparisons between different grade levels of students to see how well the new approaches to learning are helping students.

In response to Member Manning, Executive Director of Academics, Dr. Talbot, said the district committed to the students and educators 20 hours of professional development in mathematics differentiated by grade level. The professional development is already in progress at all the grade levels. In response to another question from Member Manning, Director of Multilingual Learner Education, Mr. André Fonseca, explained how work is in progress to extend the dual language learning at the Bentley Academy to the middle school level through a partnership with the Multistate Association for Bilingual Education, Northeast (MABE) as well as potential curriculum changes. Mr. Fonseca explained that a proposal to DESE will need to be made as part of this process.

In response to Mayor Pangallo, Dr. Talbot said that the disproportionality of special education students is being seen throughout the state. Mayor Pangallo thanked everyone for the improvements.

### **3. Massachusetts School Building Authority (MSBA) Update**

Member Cornell said that on September 24<sup>th</sup>, 3 representatives from the district, Mayor's Designee, City Finance Director, Ms. Anna Freedman, Superintendent's Designee, District Liaison - SHS Building Project, Ms. Elizabeth Golden and Member Cornell sat in on the MSBA designer application review process. Eight applications were reviewed and four firms were shortlisted. These four firms will be interviewed on October 8<sup>th</sup>. MSBA accepted the interview questions generated by the Building Subcommittee.

Vice Chair Cruz asked if there was supplier diversity among the applicants. Member Cornell responded that one of the firms that was shortlisted is women owned but that overall the representation was disappointing and lacking. Member Cornell added that two of the firms had Spanish speaking public liaisons but that all the members from MSBA were white except for one. However, the composition of the building committee is quite diverse. Mayor Pangallo commented that the city's equity audit identified a need for improvements in the procurement process around access for minority owned businesses to city contracts. Mayor Pangallo said that as these improvements are made in the purchasing department, it will come into play for future procurements related to this project as well. Member Cornell added that one of the firms is from Salem. Member Manning asked if there is any possibility to request the firms who have been awarded the contracts to hire a certain percentage of Salem residents. Mayor Pangallo said that he would look into the matter.

### **4. Finance and Operations Report**

Assistant Superintendent Pauley said that the week of October 14<sup>th</sup> is National School Lunch week and that the School Committee members were invited to celebrate at lunch time. Assistant Superintendent Pauley added that a date and time for the ribbon cutting at the Witchcraft Heights Elementary School is being finalized.

**5. Salem Academy Charter School's Enrollment Expansion**

Superintendent Zrike thanked the speaker for the public comment that was shared earlier in the meeting about the SACS. Superintendent Zrike continued that a meeting has been scheduled on October 9<sup>th</sup> with the SACS leaders. In response to inquiries received from community members about how to send public comments to the Massachusetts Department of Elementary and Secondary Education (DESE), Superintendent Zrike said they could be sent to the Charter Office at DESE in Everett. The deadline for public comments is Friday, December 13<sup>th</sup>. Vice Chair Cruz looked forward to collaboration with the SACS.

Member Cornell said that Superintendent Zrike's tone was appropriate for the situation. Member Cornell added that in the August meeting of the SACS Board of Trustees, the board discussed the implications of petitioning the state for additional seats and acknowledged that they remain in the difficult position of being able to grow in Salem only if the Salem Public Schools is having problems, creating an adversarial relationship that they do not want. Member Cornell said that the tension that exists between charter schools and district schools is created by the state that manages the charter program. Member Cornell continued that the SACS August minutes also noted that while they could petition the state to add more seats next year, after they had more time to develop a long-term plan, the risk is that the opportunity disappears if Salem Public Schools pulls out of the bottom 10%. Member Cornell said that the SACS Board did not have a well thought out plan for their expansion but in order to be eligible, they might have to rush ahead regardless and the success of Salem Public Schools is bad for SACS. Member Cornell reiterated that this is not about children's experiences or parent choices.

Mayor Pangallo echoed that the tone was appropriate and the justifications for the expansion are based on achievement. Mayor Pangallo added that the SACS minutes reflected that there was a window of opportunity. Mayor Pangallo continued that the window is no longer in place and the district is justified in objecting to the expansion and making a case to the state on the merits. There was no outreach by SACS prior to the vote. There was also no opportunity for public comment before the SACS Board voted on the matter. Mayor Pangallo said that the Open Meeting Law complaint was not about individuals, students, educators, or anyone but the manner in which it was carried out.

Vice Chair Cruz said that this is the first time the district has had an objection to the enrollment expansion of the charter school. In response to Vice Chair Cruz about the likelihood of success, Superintendent Zrike said it will depend on who is on the Massachusetts Board of Elementary and Secondary Education (BESE) and their views about the charter schools. Superintendent Zrike added that they would probably decide based on a case to case basis and that lately they have been focusing on community engagement as well as input leading up to any application.

### **Student Representative Report**

Superintendent Zrike said that the students were going to have another meeting so that more students could attend the selection process. The students had also requested Superintendent Zrike to send some information to all students about the purpose of the committee.

### **Subcommittee Reports**

**1. Finance Subcommittee**

No report at this time.

**2. Personnel Subcommittee**

No report at this time.

**3. Building and Grounds Subcommittee**

Member Miranda said that a meeting was held earlier that evening. Facility rental fees were discussed and it will be revisited at the next Building and Grounds Subcommittee meeting.

**4. Curriculum Subcommittee**

No report at this time.

**5. Policy Subcommittee**

Member Cornell said that the transportation policy specifies that multilingual learners who arrived in the United States within the last 12 months shall be eligible for bus transportation with no mileage restrictions for the remainder of the school year that they arrive in Salem Public Schools. Member Cornell continued that with input from Ms. Fagundes, this policy has been reassessed because it was found that newcomer students already receive the transportation opportunities that they need such as through the Superintendent's exemption. What is needed is more support from the district in educating newcomer families about what they are entitled to and how to navigate the system. The way the policy is written now, a stop or even a bus is being added for students who live within half a mile and this wreaks havoc on transportation. Member Cornell added that because this is a one year policy, many parents are caught off guard in year two when they are not entitled to transportation services anymore.

Member Cornell asked to suspend the policy for the multilingual learners and that during the suspension, the matter needs to be reviewed for feedback.

**6. Committee of the Whole**

Vice Chair Cruz said the Committee of the Whole met on September 30<sup>th</sup> and discussed the collective bargaining agreements, financial outlook for the district and the SACS enrollment expansion.

Vice Chair Cruz continued that the Committee of the Whole recommended that the contracts be ratified at the School Committee meeting for the successor agreements.

**Motions and Resolutions**

DRAFT

**Massachusetts Association of School Superintendents  
Certificate of Academic Excellence**

**Thais Saldivar**

Salem High School is proud to nominate Thais Saldivar, a dedicated student leader and an exceptional individual at Salem High School!

With an impressive 3.9 cumulative GPA in rigorous coursework including Early College and Advanced Placement courses. Thais has demonstrated both academic excellence and a commitment to the school community. As a standout leader, Thais reads the daily announcements in Spanish, showcasing their linguistic skills and dedication to inclusivity.

Thais also serves as Drum Major for the SHS marching band and is an active member of the Tri-M Music Honor Society, further emphasizing their passion for music. Additionally, Thais sings with the acapella group "WitchPitch" and participates in Chamber Singers, where their vocal talents shine. Last year, Thais showcased their acting abilities in a lead role in the production of *The Addams Family*. Their contributions to our school embody the spirit of leadership and creativity, and we can't wait to see what Thais accomplishes next!

**Neo Larru**

New Liberty Innovation School proudly nominates Neo Larru.

Neo has shown tremendous growth over the years at New Liberty. His ability in writing can be top notch, creative yet concise. In addition to his regular senior classes, Neo is independently working on an online course, introduction to computer programming. His attendance is both regular and punctual. Recently, Neo has shown tremendous leadership in youth groups, along with a vulnerability that he has yet been unwilling to share.

In terms of character, Neo stays strong in his convictions while listening more openly to others' strong beliefs and not stepping on them. This, too, is evidence of his personal growth for which we are proud to nominate Neo for this award.

# How will SPS support students and families?

*Including, but not limited to...*

- *For Students*
  - Collins staff to visit Saltonstall
  - A separate “move-up day” for Saltonstall students
  - Student-to-student: Q&A with Collins students
  - Ensure a strong finish and transition for middle school students
- *For Families*
  - Information session at Saltonstall middle school
  - Collins middle school showcase
  - Family-to-family: panel with Collins families

# What about Saltonstall staff?

- All staff with professional status will continue to have a role in the Salem Public Schools if they choose.
- We will work to find a role for any middle school staff member in good standing without professional status somewhere in SPS.
- We will engage in planning conversations with affected staff looking for continued employment- resume building, interviews with SPS principals, etc.

---

Please find attached 2025 School Improvement Plans (SIPs) for every school in the district.

Each plan is developed under the guidance of the school principal in collaboration with their Instructional Leadership Team. It is shared and vetted with the entire school staff as well as the School Site Council.

We are in the process of posting SIPs to the district and school webpages, which is expected to be completed by the end of the month. More details about this year's SIPs will be shared at the School Committee meeting.

## II. Data & Root Cause Analysis

### BOY BAIS Data Story 24-25

#### 2024 MCAS data:

- Grade 3 14% Meeting/Exceeding expectations on ELA; 17% M/E on math
- Grade 4 18% M/E expectations on ELA; 25% M/E on math
- Grade 5 14% M/E expectations on ELA; 13% M/E on math; 18% M/E science

#### Staff Panorama Data:

- Staff's positive perceptions of the amount and quality of feedback faculty decreased from 52% in 2023 to 36% in 2024
- Staff's Sense of Belonging decreased from 65% in 2023 to 56% in 2024

#### Student Panorama Data:

- 53% of students report that they belong

#### Student DESSA Data:

- 40% of students needed instruction in "self-management" at end of school year 23-24
- 43% of students needed instruction in "social awareness" at end of school year 23-24

#### Areas of Focus in School Year 2024-25:

- Continued focus on high-leverage PD and feedback for teachers on tier 1 classroom management, differentiated instruction, and SEI strategies
- Deepening the work of Data-informed instruction
- Continue to include teacher-voice in decision-making
- Prepare BAIS Innovation Plan renewal

## IV. Professional Development Plan

- **District Professional Development Plan**

[District PD Plan](#)

- **School-based Professional Development Plan**

- This school-based PD Plan accounts for how all available adult learning time including release days, 25 hours of contractual after-school time, common planning time, coaching cycles, etc. will support attainment of the end-of-year outcomes.

[School-based PD Plan Template](#)

**Goals of this model**

The goal of this model is to provide a clear and transparent record of the professional learning opportunities at each building that can be used for planning and record keeping among a variety of stakeholders.

**How to Use this Model**

- 1. Make a copy of this template workbook and share it with your team.
- 2. Complete the PD Overview tab for the first 3 months of the school year.

**What This Model is**

The **PD Overview tab** represents the overall picture of the PD in your building. It includes an At-A-Glance view of all the PD opportunities available: opening days, half days, 25 additional hours, CPTs, coaching cycles, etc. It includes the district priorities and the school priorities. Each PD event is linked to a priority, indicates the topic, outcome, number of PDs and type of PD for teacher reauthorization. This page can be used for recording PD in TeachPointVector.

## I. Annual Measurable Outcomes

The action plans in this document are intended to lead to attainment of school-specific end-of-year measurable outcomes that align to goals in the district strategic plan. **NOTE:** The goals in SPS's Strategic Plan were developed at end of year 2026 targets. The table below establishes end of year 2025 goals to which schools can use in establishing their school goals for 2025 given their own baselines.

## II. Data & Root Cause Analysis

To establish a rationale for our school's improvement strategies and action plans, our Instructional Leadership Team met to analyze specific data points relevant to three priority areas: Academic Achievement, Student Culture, Staff Culture. The following analysis identifies the drivers and action plans encompassing our school's core improvement strategies in the coming year and are intended to lead to attainment of Bates's 2025 end-of-year goals specified on page one of this document.

## Elevate Learning

### Lever: Improve performance as measured by MCAS

#### Goal:

1. MCAS Gr. 3-5: >35% ELA; >45% math
2. All Grades, STAR SGP: >55

- **MCAS Data:** Analysis of proficiency levels for grades 3-5 on 2023 MCAS data shows proficiency rates of 36% in ELA and 35% proficiency in math with a goal in 2024 of >41% proficiency in ELA and >39% proficiency in math
  - **Strength:** Our 2024 math data indicates solid growth in mathematics from 35% proficiency to 41%. We exceeded our proficiency goal by 2%.
  - **Opportunity:** There is a need to refine instruction in the area of ELA as we experienced a dip in proficiency from 36% in 2023 to 28% in 2024.

#### 2024 STAR Data:

Math K-2 % Proficient	Math 3-5 % Proficient	Early Literacy K-2 % Proficient	Reading 3-5 % Proficient
49%	41%	48%	35%
Math K-2 SGP	Math 3-5 SGP	Early Literacy K-2 SGP	Reading 3-5 SGP
49	55	48	57

### Lever: Improve performance as measured by ACCESS

**Goal:** Increase the percentage of multilingual learners who demonstrate adequate progress to >74%.

- **Data:** Progress rate of 56% (as measured by Access) in 2023 was up from 33% in 2022 and currently at 74% in 2024.
  - **Strength:** 74% of our students met or made growth on their Access score
  - **Opportunity:** Maintaining a high rate of growth on the Access scores this year

## Center Belonging

### Lever: Reduce Chronic Absenteeism

**Goal:** Reduce chronic absenteeism to <19.5%

- **Data:** 2023/2024 chronic absenteeism rate, 20.3%, and in 2022/2023, 21.2%
  - **Strength:** We improved our chronic absenteeism in the 23/24 school year by 0.9% from the 22/23 school year, going from 21.2% to 20.3%.
  - **Opportunity:** With a goal of 19.5% for chronic absenteeism, we fell short by 0.8% of our goal in the 23-24 school year at 20.3%.

### Lever: Improve student perceptions of belonging and improve stakeholder perception data

**Goal:** Increase student sense of belonging to > 68% and > 55% families feel Bates is a "good fit"

- **Data:** 2024 student Panorama survey results on belonging show that 63% of students feel they belong at Bates up from 58% in 2023. There is currently no family survey data; however, it will be available for the start of the 24/25 SY.
  - **Strength:** The percentage of students who feel like they belong at Bates increased by 5% throughout the 2023/2024 school year.
  - **Opportunity:** We have an opportunity to discover how many families feel like Bates is a "good fit" with the hope of 55% answering favorably.

**Lever: Improve educator perceptions of belonging**

**Goal:** Increase annual teacher well-being and belonging composites to 75% for well-being and 80% for belonging.

- **Data:** 2024 Panorama data in the teachers/staff well-being composite showed 70.5% favorability for well-being and 76% for sense of belonging.
  - **Strength:** A majority of teachers and staff feel that they belong at Bates and have a favorable response to their well-being.
  - **Opportunity:** With a goal of 75% for teacher well-being, at 70.5% we fell short by 4.5% in the 23/24 school year. With a goal of 80% for belonging, at 76% we fell short by 4% in the 23/24 school year.

**Empower Educators****Lever: Increase observation and feedback**

**Goal:** Increase positive perceptions of the amount and quality of feedback faculty receive to 65%.

- **Data:** 2024 teacher and staff Panorama survey results on the perceptions of the amount and quality of feedback faculty receive to be 60% favorable.
  - **Strength:** 60% of staff report positive perceptions of the amount and quality of feedback given establishing a strong starting point for future improvement.
  - **Opportunity:** With a goal to increase positive perceptions of the amount and quality of feedback faculty receive by 5%, there is an opportunity to meet this achievable goal by establishing consistent and meaningful feedback routines from the beginning of the school year.

**Action Plans**

To achieve these goals, we will employ a comprehensive strategy that includes improving instructional practices, enhancing school culture, and strengthening family and community partnerships. By addressing these key drivers through targeted action plans, we will create an environment conducive to student and staff success and well-being. The School Improvement Plan was presented to the School Site Council and Culture and Climate Committee for feedback and revision.

**III. Drivers, Interim Measures, Action Plans, District Supports****District Driver 1: Academic Achievement**

**Elevate Learning** - Improve student achievement with the implementation of data-informed, standards-based learning opportunities to increase student ownership and address gaps in learning

**Interim Measure(s):**

- 1.1
  - **October:** 50% of classes visited demonstrate implementation of clear instructional priorities for Core Action 3; Student Ownership
  - **January:** 65% of classes visited demonstrate implementation;
  - **March:** 80% of classes visited demonstrate implementation
- 1.2
  - **October:** 100% of teachers have met with coaches to analyze first round of STAR data to create initial small groups and plan how to reteach standards;
  - **January:** 100% of teachers are using STAR data mingled with exit tickets, end-of-unit assessments, and other real-time data to create dynamic small groups focused on how to increase academic proficiency;
  - **March:** 100% of teachers are tailoring their scaffolding to address students' needs and offering targeted feedback to boost proficiency, giving students multiple opportunities to engage with grade-level material, thereby, increasing proficiency
- 1.3
  - **Goal 1** - January WIDA (Writing only) 49% of students improve by .5 WIDA level
  - **Goal 2** - Using STAR as the benchmark assessment, increase SGP and proficiency in ELA and math for all students and MLs in grades K-5:
    - Math K-2 proficiency from 49% to 51%, for MLs from 27% to 30%
    - Math 3-5 proficiency from 41% to 43%, for MLs from 29%-32%
    - Early Literacy K-2 proficiency from 48% to 50%, for MLs from 15% to 20%
    - Reading 3-5 proficiency from 35% to 37%, for MLs 7% to 11%

- Math K-2 SGP from 49 to 52, for MLs from 40 to 42
- Math 3-5 SGP from 55 to 58, for MLs 55 to 57
- Early Literacy K-2 SGP from 48 to 51, for MLs from 38 to 41
- Reading 3-5 SGP from 57 to 59, for MLs from 53 to 57

## II. Data & Root Cause Analysis

Data Summary: [24/25 Data Story](#)

### 2024 MCAS data:

- 6th-8th grade student achievement scores increased in Math and ELA.
- Science student achievement decreased from 2023. Overall student proficiency in ELA and Math decreased in 2024.
- The data suggests that a majority of student achievement came from students who in 2023 did not meet expectations.
- The number of students who did not meet expectations in 2023 decreased in 2024 in both math and ELA.

### Student Panorama Data:

- Student's Sense of Belonging grew from 27% in 2023 to 31% in 2024.

**Staff Panorama Data:**

- Staff’s positive perceptions of the amount and quality of feedback faculty increased from 20% to 43%.
- Staff’s Sense of Belonging grew from 60% in 2023 to 69% in 2024.

**Areas of Focus for School Year 2024-25**

- 6th Grade English Language Arts
  - 6th Grade ELA scaled score on the MCAS assessment has declined over the past four years from 488 (2021) to 478 (2024).
  - 6th Grade ELA proficiency on the MCAS assessment decreased from 25% (2023) to 15% (2024).
- 8th Grade Science
  - 8th Grade ELA scaled score on the MCAS assessment has declined last year from 483 (2023) to 482 (2024).
- Habits of Learners Across All Content
  - Collins Middle School has committed to four instructional practices to elevate across all content areas
    - Reading Strategy - GIST and Annotation Guides
    - Writing Strategy - Claim-Evidence-Reasoning (CERs)
    - Speaking and Listening - Academic Discourse (Volleyball)
    - Progress Monitoring and Feedback

### III. Drivers, Interim Measures, Action Plans, District Supports

**Priority #1: Academic Achievement**

**Elevate Learning:** Build and maintain a school culture of universally high academic expectations for every learner.

**Interim Measure(s):**

- 100% of students are proficient on the critical standards in each unit and 75% average proficiency on all standards in DCAs
- 50% of ML students will improve by 1 WIDA level on the WIDA Model Writing Assessment and all students improve by 0.5 WIDA Model Writing Assessments
- SGP of >60 on STAR
- Proficiency: 37% in ELA, 33% in Math on STAR
- Transcend [Leaps](#): Increase [High Expectations, Rigorous, & Relevant Learning](#) by 10% by December and 20% by the end of the year.

## II. Data & Root Cause Analysis

Please use the space below to provide an analysis of specific data points that establish a rationale for the drivers and action plans that follow. The drivers and action plans encompass the school's core improvement strategies in the coming year and are intended to lead to attainment of the school's 2025 end of year goals specified on page 1 of this document.

## ☐ ECC Data Story

Salem Early Childhood Center (SECC) is an integrated learning environment serving students with and without disabilities in Salem Public Schools between the ages of three to five years old. In most classrooms students with disabilities learn alongside typically developing students. Studies show that this model benefits all children as they learn from each other. The SECC has experienced great growth over the years of 2021-2024 including adding a Principal, increasing hours, high quality curriculum and partnering with community based childcare centers.

Our current strengths include strong growth and achievement for our students in the area of literacy as well as improved reduced Chronic Absenteeism. Our current areas of growth are strengthening Concept Development and Quality of Feedback with our students. Our instructional priority for this years is on increasing writing opportunities for our students.

SECC staff is passionate about supporting all students and as a team we have been working on identifying systems and structures that will best support this work. As we strengthen these systems, we are striving for consistent implementation and continuous improvement in our instructional practices to impact student independence and achievement.

### HMLS Data Story/State of the School

Horace Mann Laboratory School is a small elementary school that is part of the Salem Public Schools. From the years of 2017 to 2023 the school went through many changes from moving to a new school site and experiencing several shifts in leadership.

Our current strengths include strong growth and achievement for our multilingual learners on ACCESS as well as improved reduced Chronic Absenteeism. Our current areas of growth are strengthening SEI strategies in the classrooms in order to mirror that ML growth in the content areas.

HMLS staff is passionate about supporting all students and as a team we have been working on identifying systems and structures that will best support this work. As we strengthen these systems, we are striving for consistent implementation and continuous improvement in our instructional practices to impact student achievement in both literacy and math.

## II. Data & Root Cause Analysis

Please use the space below to provide an analysis of specific data points that establish a rationale for the drivers and action plans that follow. The drivers and action plans encompass the school's core improvement strategies in the coming year and are intended to lead to attainment of the school's 2025 end of year goals specified on page 1 of this document.

First, we are committed to improving chronic absenteeism by building a sense of belonging within our school community as well as establishing an attendance initiative for all students. Secondly, we are committed to increasing MCAS proficient rates in ELA, Math, and Science. We have seen some success in this area and are committed to ensuring that more of our students attain proficiency. Lastly, our 4 and 5 year graduation rates are a major focus for us. In the last three years, we have seen an increase in the number of students graduating with their original cohort. We will remain committed to graduating students at a high rate as well as providing them with post secondary options. In order to move the needle on these data points, we need to more effectively implement data informed instruction, assess the extent that students are presented with grade level or higher tasks/assignments and provide students with relevant, real-world learning opportunities.

## Data & Root Cause Analysis

Please use the space below to provide an analysis of specific data points that establish a rationale for the drivers and action plans that follow. The drivers and action plans encompass the school's core improvement strategies in the coming year and are intended to lead to attainment of the school's 2025 end of year goals specified on page 1 of this document.

### Saltonstall Data Story 2024-2025

Our data shows that in grades 3-8, we increased proficiency in math by 6% and science by 7% and remained flat in ELA. However, in grades 3-5, we saw a 9% increase in ELA, 18% in math, and 11% in science. Our highest area of need was 6th grade in both ELA and math. Only 2% of 6th graders were proficient in math and only 5% were proficient in ELA. Access scores show 60% of

elementary students made progress while middle school students showed 15% progress. Overall access testing remained flat this year. We were able to reduce chronic absenteeism from 23% to 18%. Finally, our panorama data shows that we have a lot of work to do to increase student engagement, sense of belonging and school climate.

Our outlook is positive and we feel that with continued work in data informed instruction we will ensure all students are progressing across the curriculum. Targeted small group instruction, based on daily and weekly data, will allow all students to receive instruction through high expectations and grade level work. School wide routines and expectations along with social emotional skills will be explicitly taught so that students will feel a sense of belonging. In order to build engagement, we will increase opportunities for students to learn through experiences within the community and participate in hands-on explorations. In addition, we are going to use asset-based, actionable, and growth-oriented feedback to increase staff sense of belonging and well-being.

## Drivers, Interim Measures, Action Plans, District Supports

### Academic Achievement

**Elevate Learning:** Create a learning environment where all students succeed academically. Develop students' ability to engage with cognitively demanding work, while holding high expectations for all, using culturally relevant pedagogy, and high-leverage and evidence-based instructional practices.

#### Interim Measure(s):

**October:** 50% of classroom visits demonstrate implementation of Core Action 3 Look-fors from the TNTP tool

**January:** 65% of classroom visits demonstrate implementation of Core Action 3 Look-fors from the TNTP tool

**March:** 80% of classroom visits demonstrate implementation of Core Action 3 Look-fors from the TNTP tool

#### Interim Measure(s):

**October:** 100% of teachers are making know/shows and exemplars in CPT with coaches

**January:** 100% of teachers are making know/shows and exemplars and 100% of teachers with 4+ years experience are using student data to inform instruction

**March:** 100% of teachers are making know/shows and exemplars and using student data to inform instruction

#### Interim Measure(s):

% scoring above proficiency on STAR reading and math grades 3-8

**October, January, March:**

STAR Gr. 3-8: > 37% ELA; > 33% math

All Grades: >60 SGP

#### Interim Measure(s):

**Frequency:** Weekly data meetings in ELA & math focus on review of formative assessments/student work from HQIM

**October:** 75% of observed data meetings meet criteria (eg. thoroughly planned, proficient execution, outcome based follow through)

**January:** 80% of observed data meetings meet criteria

**March:** 85% of observed data meetings meet criteria

## II. Data & Root Cause Analysis

[WHES- State of the School 23-24](#)  
[WHES Annual Vision.24-25 USE THIS ONE](#)

Key Data Points: (see charts below)

Our data story highlights both our achievements in Literacy and Math, along with key areas for continued growth:

**Growth Opportunity #1:** Advancing our work with DII to ensure steady progress for all students throughout the year.

**Growth Opportunity #2:** Refining our schedules and calendars to allocate the time needed to support every student effectively.

**Growth Opportunity #3:** Strengthening family outreach to foster the growth and success of all students.

### III. Drivers, Interim Measures, Action Plans, District Supports

#### Priority 1: Academic Achievement

**Elevate Learning:** Build and maintain a district-wide culture of universally high academic expectations for every learner.

**Interim Measure(s):**

**October:**

- % of all students will demonstrate proficiency in Math, according to our STAR assessments (1st 30%, 2nd 60%, 3rd 34%, 4th 47%, 5th 26%)
- % of all students will demonstrate proficiency in Reading, according to our STAR/ MCAS assessments. (K-65, 1 53%, 2nd 38%, 3rd 29%, 4th 41%, 5th 27%)
- 70% of staff report that PD time enables them to be responsive to student needs as measured by PD exit tickets

**January:**

- % of all students will demonstrate proficiency in ELA, according to our STAR assessments (K-70, 1 60%, 2nd 50%, 3rd 50%, 4th 50%, 5th 50%)
- % of all students will demonstrate proficiency in MATH, according to our STAR assessments (1st 40%, 2nd 50%, 3rd 40%, 4th 50%, 5th 30%)
- 50% of ML students will improve by .5 WIDA level on the WIDA Model Writing Assessment
- 75% of staff report that PD time enables them to be responsive to student needs

**June:**

- 60% of all students will demonstrate proficiency in Math and Reading, according to our STAR/MCAS assessments. Students that did not demonstrate proficiency, will achieve a SGP of 50 or higher
- 100% of ML students will improve by 1 WIDA level on the WIDA Model Writing Assessment
- 100% of staff report that PD time enables them to be responsive to student needs as measured by PD Exit tickets

Driver	Action Steps	Lead	Start	Complete
1.1 Refine our instructional focus in ELA and Math to meet the needs of all learners	Create aligned systems so that we can be responsive to student needs and ensure each student succeeds (outlined data cycles, student support schedules, intervention)	Admin	9/4/24	ongoing
	Refine our <i>student learning tracker</i> to see progress on key standards each week	Coaches	8/6/24	9/4/24
	Align ML services to support students in development of key literacy skills. Consistent use of progress monitoring through the implementation of data trackers and DII cycles to provide students with ongoing feedback and targeted instruction.	Admin, Coaches, ML teachers	9/4/24	
	Identify WIDA levels for all ML students, plan effective interventions for areas of need, and schedule monthly LAT meetings to analyze student growth in these areas	Admin, coaches, ML teachers	9/4/24	
	Reassess student learning profiles of our SWD to plan effective interventions for areas of need, and to analyze student growth at monthly SPLAT meetings	Admin, coaches, Sped education teachers	9/24	

1.2 Monitor clear instructional priorities that support student ownership and use data to provide staff with PD	Provide teachers with PD on SEI strategies and appropriate scaffolds to support ML students growth	Admin, Coaches, ML Teachers	9/4/24	
	Align the use of PLC/CPT to provide teachers an opportunity to strengthen their understanding of the key standards by unpacking priority standards and building “know and show” standards, previewing end of unit assessments, identifying key vocabulary, and developing student exemplars	Admin, Coaches	9/4/24	
	Provide teachers with ongoing professional development (including practice clinics, peer-to-peer observations and exemplars) around our 3 Instructional Practices (engaging students in meaningful academic discourse, explicit use of 7 step vocabulary routine, and providing ongoing student feedback/learning goals)	Admin, ILT, coaches	9/4/24	
	Provide teachers with ongoing PD to understand what student ownership looks like in practice.  <b>Use PLC Time</b> -To examine student tasks and texts and align independent practice -To plan appropriate/ authentic student engagement strategies that include critical thinking skills and opportunities for academic discourse where students defend their thinking and respond to their peers	Admin, ILT, Coaches	9/4/24	

**What support is needed from the central office to help the school meet its goals in this area?**

- Partnership for developing robust PD on how to support student growth through the use of appropriate scaffolding based on student WIDA levels
- Alignment of walkthrough tools to provide a clear focus for all staff
- Access to up to date ML data to support student growth

**Priority 2: Empower Educators**  
**Empower Educators: Make WHES an inclusive school where student-centered, innovative, and highly-effective educators want to work, grow, and stay by providing frequent and quality staff development and feedback.**

- Interim Measure(s):**
- October:**
- 100% of NPTS educators have received 2 of 4 Teachpoint observations
  - 50% of PTS will receive 1 observation
  - 100% of NPTS educators in years 1-2 receive 90 days of coaching.
  - 60% of staff, when surveyed, rate coaching feedback as supportive and frequent
- January:**

- Increase "Perceptions of the amount and quality of feedback faculty receive" From 32% to 40%
- 100% of teachers will receive a minimum of 2 observations with feedback and actionable next steps with a monthly focus on MATH and ELA instruction
- 100% of NPST will receive 4+ observations with feedback and actionable next steps
- 100% of PTS receive 3 observations with actionable next steps
- 25% of teachers will receive individual coaching sessions
- 70% of staff, when surveyed, rate coaching feedback as supportive and frequent

**June:**

- Increase "Perceptions of the amount and quality of feedback faculty receive" From 32% to 50%
- 100% of teachers will receive a minimum of 5+ observations with feedback and actionable next steps with a monthly focus on MATH and ELA instruction
- 100% of NPST will receive 7+ observations with feedback and actionable next steps
- 50% of teachers will receive individual coaching sessions
- 90% of staff, when surveyed, rate coaching feedback as supportive and frequent

Driver	Action Steps	Lead	Start	Complete
2.1 Strengthen the <b>quantity and quality of feedback for all staff. Establish a weekly meeting between coaches and admin to identify trends across the school and plan for next steps</b>	Establish a WHES Observation tracker with Monthly Instructional Focus Areas. Provide all staff with ongoing and frequent feedback (5+ observations across all domains of teacher rubric)	Admin	9/4/24	6/17/25
	Establish coaching cycles for teachers in years 1-3. In addition, incorporate individual sessions with teachers and coaches for more in-depth data analysis.  Administrators will use the "Get Better Faster Scope and Sequence" to guide and give feedback	Admin, Coaches	9/4/24	6/17/25
	2.2 Strengthen <b>the impact of DII by weekly meetings</b> by utilizing a <b>range of assessments</b> and implementing <b>protocols and systems</b> that <b>track our work and impact</b> progress for all students.	Regularly analyze student work and end-of-unit assessment data through the DII protocol bi-weekly meetings to identify strengths, uncover learning gaps, and create action plans for reteaching and reassessment opportunities	Admin, ILT	9/4/24
	Provide professional development for staff to assist them in providing regular feedback to help students understand their progress and areas for improvement, and provide targeted interventions for those not meeting proficiency levels( practice clinics)	Admin, ILT, Coaches	9/4/24	6/17/25
	Establish <b>monthly</b> walkthroughs, with a clear instructional focus on our instructional strategies, using the TNTP tools (include the SEI look fors)	Admin		6/17/25

**What support is needed from the central office to help the school meet its goals in this area?**

- Access to accurate Teachpoint data
- Partnership with District Directors for Walkthroughs

**Priority 3: Center Belonging**  
**Student Culture: Build joyful, welcoming, and supportive school communities.**

**Interim Measure(s):**

**October:**

- 83% of all students will feel that they are valued members of the school community
- Reduce the percentage of students needing intervention for Self Management skills, as identified by DESSA from 62% to 61%
- Reduce the percentage of students needing intervention for Social Awareness, as identified by DESSA from 53% to 40%
- 100% of classrooms and shared spaces (cafe, hallway, threshold routines, morning meeting) are implementing priority routines with accuracy

**January**

- 83% of all students will feel that they are valued members of the school community
- Reduce the percentage of students needing intervention for Self Management skills, as identified by DESSA from 61% to 52%
- Reduce the percentage of students needing intervention for Social Awareness, as identified by DESSA from 53% to 46%
- 100% of classrooms and shared spaces (cafe, hallway, threshold routines, morning meeting) are implementing priority routines with accuracy

**June**

- 83% of all students will feel that they are valued members of the school community
- Reduce the percentage of students needing intervention for Self Management skills, as identified by DESSA from 61% to 52%
- Reduce the percentage of students needing intervention for Social Awareness, as identified by DESSA from 53% to 46%
- 100% of classrooms and shared spaces (cafe, hallway, threshold routines, morning meeting) are implementing priority routines with accuracy

Driver	Action Steps	Lead	Start	Complete
3.1 Re-define our school mission and monthly magical assemblies to promote strong culture that is supportive of all members	Re-brand our school vision and mission statement. Establish a school motto that will be integrated into our MAGIC values	Admin, ILT	8/6/24	6/17/25
	Continue to build Cultural Awareness by integrating our monthly magical assemblies and community guest speakers and projects	ILT, Admin	9/4/24	6/17/25
3.2 Implement and monitor systemic <b>SEL instruction and interventions</b> , including, implementation of RJ circles, Tier 1 lunch bunches,	Design a lesson check list for staff to use when developing lessons to ensure that all lessons have the following components -1 embedded SEL skill -scaffolds with multiple entry points for all learners -outlined learning goals	Admin, Coaches, Teachers	9/4/24	6/17/25
	Provide ongoing PD through mini clinics to support teacher understanding on how to integrate SEL into every lesson	Admin, Coaches, Teachers	9/4/24	6/17/25
	Incorporate SEL into our daily lessons allowing students explicit opportunities to practice and grow their SEL skills	Admin, Coaches, Teachers	9/4/24	6/17/25
	Staff will conduct RJ (Restorative Justice) Circles 2x/week that are aligned to monthly SEL topics. These topics will be identified by ILT and informed using DESSA data	ILT, Teachers	9/4/24	6/17/25
	Train staff on Restorative TIER II practices (impromptu conversations and conflict resolution)	Admin, Teachers, SEL ILT bucket	9/4/24	6/17/25

3.3 Develop and implement a <b>Strong Start Playbook</b> and monitoring <b>schedule</b> to ensure <b>consistent routines, structures, and rigor</b> across all spaces.	Establish a WHES Playbook that outlines Key Essential Routines and schedule for monitoring for:  -Procedures for school systems (bathroom, cafe, hallway, breakfast, threshold) -Student Engagement -Developing Effective Lesson Plans	Admin	8/6/24	6/17/25
--	--	-------	--------	---------

**What support is needed from the central office to help the school meet its goals in this area?**

- Maintain robust data systems that can accurately track and analyze student attendance patterns
- Establish district-wide protocols for tiered interventions based on the severity of absenteeism

**Priority 4: Family and Community Engagement**

- Interim Measure(s):**
- October:**
- Reduce chronic absenteeism to 18%**
  - Reduce chronic absenteeism rate for specific sub-groups (Students with disabilities from 22.6% to 22% and ML students from 17% to 16%)
  - Bi-weekly family communication is sent from teachers
- January:**
- Reduce chronic absenteeism to 17%**
  - Reduce chronic absenteeism rate for specific sub-groups (Students with disabilities from 22.6% to 20% and ML students from 16% to 15.8%)
  - Bi-weekly family communication is sent from teachers
- June:**
- Reduce chronic absenteeism to 15.4%**
  - Reduce chronic absenteeism rate for specific sub-groups (Students with disabilities from 20% to 18% and ML students from 15.8% to 15.4%)
  - Bi-weekly family communication is sent from teachers

Driver	Action Steps	Lead	Start	Complete
4.1 Refine and implement <b>attendance intervention strategies</b> to analyze and respond to school	Weekly Attendance Team meeting to analyze student attendance, identify students/families who need support, and plan effective interventions to support families	Admin, SACS, City Connects, FEF	9/4/24	6/17/25
	Ensure Attendance Policy is consistent for all students and clearly communicated with families regularly	Admin, SACS, City Connects, FEF	9/4/24	6/17/25
4.2 Enhance our family school communications to allow for regular and accessible updates	Communicate "State of School" 3 times a year to all stakeholders. Collect feedback and make adjustments to SIP action steps as needed	Admin	9/4/24	6/17/25
	Create templates and guidelines for common types of communication to ensure consistency and clarity in messaging.	FEF	9/4/24	6/17/25

	Enhance tools to allow for more regular family outreach from teachers through the weeks		9/4/24	6/17/25
--	---	--	--------	---------

**What support is needed from the central office to help the school meet its goals in this area?**

- Consistent messaging to families about the important of attendance
